

Department of  
Education

For parents of children  
aged 8 to 12 years old

# Never STOP READING!

Read aloud with your children,  
even when they can read aloud  
for themselves.

Reading aloud throughout their  
primary school years strengthens  
their learning and reading skills.

Sharing stories and reading aloud  
creates those special moments with  
your child that you'll always cherish.
